Emergency meeting of S.C. Friday, November 23rd.
at 1:39.

This meeting was called by the President to inform Council of the results of his interviews with the Principal on the subject of the Resolution being sent to College Council.

The Principal was ill-disposed to the Resolution and he strongly deprecated the students' action and the disregard of precedent. However, the Principal saw no objection to the Resolution going before the College Council, but he was of the opinion that it would be dealt with as a piece of agitation.

A sub-Committee was still in operation adjusting the different amts. of each meal. Last session the College Council decided that the evening meals be increased and lunch meals decreased. ^{by a very narrow way, still in process.} The President had asked the Principal whether it was feasible that less be added to evening meal and more to lunch. The conclusion of the interview was that the President on behalf of the Council had made no

promises but had merely secured the information that the resolution could go before the College Council as far as Principal was concerned.

In the meantime, the President said, he had had an interview with the Registrar and ~~that~~ it seemed that it would be advisable to withdraw the Resolution from the College Council and to ask for a representative on the next Halls of Residence Committee meeting.

It was therefore suggested that a letter be sent to the Secretary of the Halls of Residence Committee, asking for a representative to speak to the Resolution at the next meeting, if it were decided to rescind the Resolution. It was thought advisable, however to consult the Principal on this course, and it was left in the hands of the President.

The meeting closed at 2.5 pm.
